1995-12

Lancaster And York Alison Weir
2011-04-18 The war between the houses of Lancaster and York for the throne of England was characterised by treachery, deceit

and - at St Albans, Blore Hill and Towton, - some of the bloodiest and most dramatic battles on England's soil. Between 1455 and 1487 the royal coffers were bankrupted and the conflict resulted in the downfall of the houses of Lancaster and York and

the emergence of the illustrious Tudor dynasty. Alison Weir's lucid and gripping account focuses on the human side of history, on the people and personalities involved in the conflict. At the centre of the book stands Henry VI, the pious king whose mental instability led to political chaos, Richard Plantagenet, Duke of York and Henry's rival, and most important of all, Margaret of Anjou, Henry's wife who took up her arms in her husband's cause and battled for many years in a violent man's world.

WRITING A NON-BORING FAMILY HISTORY HAZEL.

EDWARDS 2016

Kensington Palace Sebastian Edwards 2019-01-15 Go behind the scenes of generations of the British royal family, exploring both the glamour and domestic life inside the spectacular 300-year-old Kensington Palace *Britain's Royal Families* Alison Weir 2008 "George III is alleged

to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot, daughter of a Wapping shoemaker, who is said to have borne him three children. Documents relating to the alleged marriage, bearing the Prince's signature, were impounded and examined in 1866 by the Attorney General. Learned opinion at the time leaned to the view that these documents were genuine. They were then placed in the Royal Archives at Windsor; in 1910, permission was refused a would-be author who asked to see them. If George III did make such a marriage when he was Prince of Wales, before the passing of the Royal Marriages Act in 1772, then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot, if they ever existed"-- *Britain's Royal Families.*"Britain's

Royal Families" is a unique reference book. It provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Here is the vital biographical information relating not only to each monarch, but also to every member of their immediate family, from parents to grandchildren. Drawing on countless authorities, both ancient and modern, Alison Weir explores the royal family tree in unprecedented depth and provides a comprehensive guide to the heritage of today's royal family.

Britain's Royal Families Alison Weir 2011-04-18 Fascinating and authoritative of Britain's royal families from Henry VIII to Elizabeth I to Queen Victoria, by leading popular historian Alison Weir 'George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called

Hannah Lightfoot. If George III did make such a marriage...then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot...' Britain's Royal Families provides in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Drawing on countless authorities, both ancient and modern, Alison Weir explores the crown and royal family tree in unprecedented depth and provides a comprehensive guide to the heritage of today's royal family – with fascinating insight and often scandalous secrets. 'Staggeringly useful... combines solid information with tantalising appetisers.' Mail on Sunday Ancestors Alice Roberts 2021-05-27 An extraordinary exploration of the ancestry of

Britain through seven burial sites. By using new advances in genetics and taking us through important archaeological discoveries, Professor Alice Roberts helps us better understand life today. 'This is a terrific, timely and transporting book - taking us heart, body and mind beyond history, to the fascinating truth of the prehistoric past and the present'

Bettany Hughes We often think of Britain springing from nowhere with the arrival of the Romans. But in *Ancestors*, pre-eminent archaeologist, broadcaster and academic Professor Alice Roberts explores what we can learn about the very earliest Britons, from burial sites and by using new technology to analyse ancient DNA. Told through seven fascinating burial sites, this groundbreaking prehistory of Britain teaches us more about ourselves and our history: how people came and went and how

we came to be on this island. It explores forgotten journeys and memories of migrations long ago, written into genes and preserved in the ground for thousands of years. This is a book about belonging: about walking in ancient places, in the footsteps of the ancestors. It explores our interconnected global ancestry, and the human experience that binds us all together. It's about reaching back in time, to find ourselves, and our place in the world.

Crown & Sceptre Tracy Borman
2022-02-22 An in-depth look at the British monarchy that's "a superb synthesis of historical analysis, politics, and top-notch royal gossip" (Kirkus Reviews). Since William the Conqueror, duke of Normandy, crossed the English Channel in 1066 to defeat King Harold II and unite England's various kingdoms, forty-one kings and queens have sat on Britain's throne. "Shining examples of royal power and

majesty alongside a rogue's gallery of weak, lazy, or evil monarchs," as Tracy Borman describes them in her sparkling chronicle, *Crown & Sceptre*. Ironically, during very few of these 955 years has the throne's occupant been unambiguously English—whether Norman French, the Welsh-born Tudors, the Scottish Stuarts, and the Hanoverians and their German successors to the present day. Acknowledging the intrinsic fascination with British royalty, Borman lifts the veil to reveal the remarkable characters and personalities who have ruled and, since the Restoration of the monarchy in 1660, more ceremonially reigned. It is a crucial distinction explaining the staying power of the monarchy as the royal family has evolved and adapted to the needs and opinions of its people, avoiding the storms of rebellion that brought many of Europe's royals to an abrupt end. Richard II;

Henry VIII; Elizabeth I; George III; Victoria; Elizabeth II: their names evoke eras and the dramatic events Borman recounts. She is equally attuned to the fabric of monarchy: royal palaces; the way monarchs have been portrayed in art, on coins, in the media; the ceremony and pageantry surrounding the crown. Elizabeth II is already one of the longest reigning monarchs in history. *Crown & Sceptre* is a fitting tribute to her remarkable longevity and that of the magnificent institution she represents. "Crown & Sceptre brings us in short, vivid chapters from William the Conqueror to Elizabeth herself, much of it constituting a dark record of bumping off adversaries, rivals and spouses, confiscating vast estates and military invasions.... [A] lucid, character-rich book." —Minneapolis Star-Tribune "Borman's deep understanding of English royalty shines." —Chris Schlupe, Amazon Editors' Picks,

The Children of Henry VIII

Alison Weir 2011-09-21
"Fascinating . . . Alison Weir does
full justice to the subject."—The
Philadelphia Inquirer At his
death in 1547, King Henry VIII
left four heirs to the English
throne: his only son, the nine-

year-old Prince Edward; the
Lady Mary, the adult daughter of
his first wife Katherine of
Aragon; the Lady Elizabeth, the
teenage daughter of his second
wife Anne Boleyn; and his
young great-niece, the Lady Jane
Grey. In this riveting account
Alison Weir paints a unique
portrait of these extraordinary
rulers, examining their intricate
relationships to each other and to
history. She traces the tumult
that followed Henry's death,
from the brief intrigue-filled
reigns of the boy king Edward
VI and the fragile Lady Jane
Grey, to the savagery of "Bloody
Mary," and finally the accession
of the politically adroit Elizabeth
I. As always, Weir offers a fresh
perspective on a period that has
spawned many of the most
enduring myths in English
history, combining the best of the
historian's and the biographer's
art. "Like anthropology, history
and biography can demonstrate
unfamiliar ways of feeling and

being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted.”—The New York Times Book Review [The Lost Tudor Princess](#) Alison Weir 2016-01-12 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE INDEPENDENT • From bestselling author and acclaimed historian Alison Weir comes the first biography of Margaret Douglas, the beautiful, cunning niece of Henry VIII of England who used her sharp intelligence and covert power to influence the succession after the death of Elizabeth I. Royal Tudor blood ran in her veins. Her mother was a queen, her father an earl, and she herself was the

granddaughter, niece, cousin, and grandmother of monarchs. Lady Margaret Douglas, Countess of Lennox, was an important figure in Tudor England, yet today, while her contemporaries—Anne Boleyn, Mary, Queen of Scots, Elizabeth I—have achieved celebrity status, she is largely forgotten. Margaret’s life was steeped in intrigue, drama, and tragedy—from her auspicious birth in 1530 to her parents’ bitter divorce, from her ill-fated love affairs to her appointment as lady-in-waiting for four of Henry’s six wives. In an age when women were expected to stay out of the political arena, alluring and tempestuous Margaret helped orchestrate one of the most notorious marriages of the sixteenth century: that of her son Lord Darnley to Mary, Queen of Scots. Margaret defiantly warred with two queens—Mary, and Elizabeth of England—and was instrumental in securing the Stuart ascension

to the throne of England for her grandson, James VI. The life of Margaret Douglas spans five reigns and provides many missing links between the Tudor and Stuart dynasties. Drawing on decades of research and myriad original sources—including many of Margaret’s surviving letters—Alison Weir brings this captivating character out of the shadows and presents a strong, capable woman who operated effectively and fearlessly at the very highest levels of power. Praise for *The Lost Tudor Princess* “This is a substantial, detailed biography of a fascinating woman who lived her extraordinary life to the full, taking desperate chances for love and for ambition. It will appeal to anyone with an interest in the powerful women of the Tudor period.”—Philippa Gregory, *The Washington Post* “Tackling the family from an unexpected angle, Weir offers a blow-by-blow account of six decades of

palace intrigue. . . . Weir balances historical data with emotional speculation to illuminate the ferocious dynastic ambitions and will to power that earned her subject a place in the spotlight.”—*The New York Times Book Review*

Eleanor Of Aquitaine Alison Weir 2011-02-28 Eleanor, Duchess of Aquitaine was one of the leading personalities of the Middle Ages and also one of the most controversial. She was beautiful, intelligent and wilful, and in her lifetime there were rumours about her that were not without substance. She had been reared in a relaxed and licentious court where the arts of the troubadours flourished, and was even said to have presided over the fabled Courts of Love. Eleanor married in turn Louis VII of France and Henry II of England, and was the mother of Richard the Lionheart and King John. She lived to be 82, but it was only in old age that she

triumphed over the adversities and tragedies of her earlier years and became virtual ruler of England. Eleanor has exerted a fascination over writers and biographers for 800 years, but the prevailing myths and legends that attach to her name still tend to obscure the truth. By careful research, Alison Weir has produced a vivid biography with a fresh and provocative perspective on this extraordinary woman.

The House of Beaufort Nathen Amin 2017-08-15 John of Gaunt's illegitimate line whose role in the Wars of the Roses led to the capture of the crown.

The Life of Elizabeth I Alison Weir 2013-04-24 NEW YORK TIMES BESTSELLER Perhaps the most influential sovereign England has ever known, Queen Elizabeth I remained an extremely private person throughout her reign, keeping her own counsel and sharing secrets with no one--not even

her closest, most trusted advisers. Now, in this brilliantly researched, fascinating new book, acclaimed biographer Alison Weir shares provocative new interpretations and fresh insights on this enigmatic figure. Against a lavish backdrop of pageantry and passion, intrigue and war, Weir dispels the myths surrounding Elizabeth I and examines the contradictions of her character. Elizabeth I loved the Earl of Leicester, but did she conspire to murder his wife? She called herself the Virgin Queen, but how chaste was she through dozens of liaisons? She never married—was her choice to remain single tied to the chilling fate of her mother, Anne Boleyn? An enthralling epic that is also an amazingly intimate portrait, *The Life of Elizabeth I* is a mesmerizing, stunning reading experience.

Innocent Traitor Alison Weir 2007-02-27 “An impressive debut. Weir shows skill at plotting and

maintaining tension, and she is clearly going to be a major player in the . . . historical fiction game.”—The Independent I am now a condemned traitor . . . I am to die when I have hardly begun to live. Historical expertise marries page-turning fiction in Alison Weir’s enthralling debut novel, breathing new life into one of the most significant and tumultuous periods of the English monarchy. It is the story of Lady Jane Grey—“the Nine Days’ Queen” —a fifteen-year-old girl who unwittingly finds herself at the center of the religious and civil unrest that nearly toppled the fabled House of Tudor during the sixteenth century. The child of a scheming father and a ruthless mother, for whom she is merely a pawn in a dynastic game with the highest stakes, Jane Grey was born during the harrowingly turbulent period between Anne Boleyn’s beheading and the demise of Jane’s infamous great-

uncle, King Henry VIII. With the premature passing of Jane’s adolescent cousin, and Henry’s successor, King Edward VI, comes a struggle for supremacy fueled by political machinations and lethal religious fervor. Unabashedly honest and exceptionally intelligent, Jane possesses a sound strength of character beyond her years that equips her to weather the vicious storm. And though she has no ambitions to rule, preferring to immerse herself in books and religious studies, she is forced to accept the crown, and by so doing sets off a firestorm of intrigue, betrayal, and tragedy. Alison Weir uses her unmatched skills as a historian to enliven the many dynamic characters of this majestic drama. Along with Lady Jane Grey, Weir vividly renders her devious parents; her much-loved nanny; the benevolent Queen Katherine Parr; Jane’s ambitious cousins; the Catholic “Bloody” Mary, who will stop at

nothing to seize the throne; and the protestant and future queen Elizabeth. Readers venture inside royal drawing rooms and bedchambers to witness the power-grabbing that swirls around Lady Jane Grey from the day of her birth to her unbearably poignant death.

Innocent Traitor paints a complete and compelling portrait of this captivating young woman, a faithful servant of God whose short reign and brief life would make her a legend. **BONUS:** This edition contains an excerpt from Alison Weir's *Mary Boleyn*.

Mary, Queen of Scots, and the Murder of Lord Darnley Alison Weir 2007-12-18 **BONUS:** This edition contains an excerpt from Alison Weir's *Mary Boleyn*. Handsome, accomplished, and charming, Henry Stuart, Lord Darnley, staked his claim to the English throne by marrying Mary Stuart, who herself claimed to be the Queen of England. It was not long before Mary

discovered that her new husband was interested only in securing sovereign power for himself.

Then, on February 10, 1567, an explosion at his lodgings left Darnley dead; the intrigue thickened after it was discovered that he had apparently been suffocated before the blast. After an exhaustive reevaluation of the source material, Alison Weir has come up with a solution to this enduring mystery. Employing her gift for vivid characterization and gripping storytelling, Weir has written one of her most engaging excursions yet into Britain's bloodstained, power-obsessed past.

Princesses Flora Fraser 2012-03-11 In this sumptuous group portrait of the six daughters of 'Mad' King George III, acclaimed biographer Flora Fraser takes us into the heart of the British Royal family during the tumultuous period of the American and French revolutions. Drawing on their

extraordinary private correspondence, Fraser gives voice to these handsome, accomplished, extremely well-educated women: Princess Royal, the eldest, constantly at odds with her mother; home-loving, family-minded Augusta; plump Elizabeth, a gifted amateur artist; Mary the bland beauty of the family; Sophia, emotional and prone to take refuge in illness; and Amelia, 'the most turbulent and tempestuous of all the princesses.' Never before has the historical searchlight been turned with such sympathy and acuity on George III and his family.

Royalty for Commoners

Roderick W. Stuart 2002-01-01

This is the new Third Edition of *Royalty for Commoners*, the first book ever to document the complete known genealogy of John of Gaunt, son of King Edward III & Queen Philippa. The importance of this documentation is that any commoner who can connect his

or her own family lineage to that of John of Gaunt can now be shown to share the same basic royal heritage as the most noble knight-the complete heritage, not just the Plantagenet ascent. This is the usual lineage through which a commoner can enter the domain of European royalty, though one might enter the lineage at any number of points. Typically, the American descendant has several colonial ancestors, one or more of whom can be traced to European beginnings. Using over 2,000 published sources, as well as the spectacular resources of the Internet, Mr. Stuart here offers the researcher a host of possibilities, pointing the reader to numerous descents of which he may be completely unaware. This new Third Edition is a nearly complete reworking of previous editions & includes the following changes. * Two dozen lines have been lengthened * Sources now include dates of

publication * There are two indexes rather than one, an every-name index & an index of royal titles * Research now ventures into the years before Christ * The Bibliography has been significantly refined & expanded

Britain's Royal Families Alison Weir 2002 A unique reference book that provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from AD 800 to the present. Provides a comprehensive guide to the heritage of today's royal family.

The Ring and the Crown Alison Weir 2011 Presents a history of British royal weddings, from 1066 to 2011.

Middle English Literature

Christopher Cannon 2008 This is a boldly original history of Middle English literature from the Norman Conquest to the beginning of the 16th century.

Crown and Country: A History of England through the Monarchy

David Starkey 2010-10-28 An exploration of the British monarchy from the retreat of the Romans up until the modern day. This compendium volume of two earlier books is fully revised and updated.

The Last Courts of Europe

Jeffrey Finestone 1981

Queens of the Conquest Alison Weir 2017-09-26

In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from

the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and Empress Maud, England’s first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic

take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England’s medieval queens. . . . Weir’s research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work.”—*Library Journal* (starred review) “Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research.”—*Kirkus Reviews*

The Six Wives of Henry VIII

Alison Weir 2007-12-01 A

“brilliantly written and meticulously researched” biography of royal family life during England’s second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of England from 1509 to 1547. But in this “exquisite treatment, sure to become a classic” (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine

Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time. “Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis”, Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, “at last we have the truth about Henry VIII’s wives” (Evening Standard).

The Royal Line of Succession

Dulcie Ashdown 1999-02-01 The best-selling illustrated guide to the British Monarchy and the succession process, updated and

redesigned for 2018. Queen Elizabeth II is descended from King Egbert through 12 centuries of monarchs. Showcasing all the family trees, from the Anglo-Saxons to the Windsors, this useful guidebook explains the fascinating process on how power transferred from one monarch to the next. This beautifully illustrated book forms part of the Pitkin Royal Collection series, celebrating the lives of the British royal family. Other notable titles in this insightful series include *Royal Babies*, *The Queen and Her Family* and *Queen Elizabeth II. When Scotland Was Jewish* Elizabeth Caldwell Hirschman 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture

from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

The Mammoth Book of British Kings & Queens Mike Ashley

1999-09 Covers more than 1000 rulers and two millennia of history

The Kings and Queens of England Ian Crofton 2011 From the reign of Alfred the Great - the first king of Wessex to call himself 'king of England' - in the 9th century, to the shock of Norman invasion in the 11th, and from the brutal vicissitudes of late medieval kingship to the comfortable ceremonial of modern-day constitutional monarchy, the story of England's kings and queens is to a large degree that of England herself. Kings and Queens of England offers readable profiles of 59 English monarchs from Harold II to Henry VIII, and from Ethelred the Unready to Elizabeth II. Each monarch is elegantly profiled and the impact of their rule on wider English history clearly and concisely described and analysed. For every king and queen there is a detailed timeline, and the narrative is further amplified by

display quotations, feature boxes, panels of key biographical facts, and - last but not least - by 135 lavish full-colour images. Ian Crofton recounts a 1000-year tale of murder, invasion, usurpation, adultery, divorce, civil war and revolution in a manner that is as entertaining as it is informative. The Kings and Queens of England is the perfect choice for anyone looking for an illustrated account of the English monarchy from the Anglo-Saxon era to the present.

A History of the English Monarchy Gareth Russell 2015-03-24 In A History of the English Monarchy, historian Gareth Russell traces the story of the English monarchy and the interactions between popular belief, religious faith and brutal political reality that helped shape the extraordinary journey of one of history's most important institutions. From the birth of the nation to the dazzling court of Elizabeth I, A History of the

English Monarchy charts the fascinating path of the English monarchy from the uprising of 'Warrior Queen' Boadicea in AD60 through each king and queen up to the 'Golden Age' of Elizabeth I. Russell offers a fresh take on a fascinating subject as old as the nation itself. Legends, tales and, above all, hard facts tell an incredible story... a history of the English Monarchy.

Queen Victoria's Gene D M Potts

2011-10-21 Queen Victoria's son, Prince Leopold, died from haemophilia, but no member of the royal family before his generation had suffered from the condition. Medically, there are only two possibilities: either one of Victoria's parents had a 1 in 50,000 random mutation, or Victoria was the illegitimate child of a haemophiliac man. However the haemophilia gene arose, it had a profound effect on history. Two of Victoria's daughters were silent carriers who passed the disease to the

Spanish and Russian royal families. The disease played a role in the origin of the Spanish Civil War; and the tsarina's concern over her only son's haemophilia led to the entry of Rasputin into the royal household, contributing directly to the Russian revolution.

The Oxford Illustrated History of the British Monarchy John

Cannon 1988 Offers profiles of Britain's royalty of the past and present, and traces changes in the role of the British monarchy

The Queen Mother Lady Colin

Campbell 2012-04-24 Packed with stunning revelations, this is the inside story of The Queen Mother from the New York Times bestselling author who first revealed the truth about Princess Diana Queen Elizabeth The Queen Mother has been called the "most successful queen since Cleopatra." Her personality was so captivating that even her arch-enemy Wallis Simpson wrote about "her legendary

charm." Portrayed as a selfless partner to the King in the Oscar-winning movie *The King's Speech*, The Queen Mother is most often remembered from her later years as the smiling granny with the pastel hats. When she died in 2002, just short of her 102nd birthday, she was praised for a long life well lived. But there was another side to her story. For the first time, Lady Colin Campbell shows us that the untold life of the Queen Mother is far more fascinating and moving than the official version that has been peddled ever since she became royal in 1923. With unparalleled sources—including members of the Royal Family, aristocrats, and friends and relatives of Elizabeth herself—this mesmerizing account takes us inside the real and sometimes astonishing world of the royal family.

Katherine of Aragon, the True

Queen Alison Weir 2017-05-02

"Young Katherine of Aragon, daughter of Spain's powerful monarchs Ferdinand and Isabella, was an exquisite prize in the royal marriage market. Golden-haired, sixteen years old, she was sent to England to marry the future king, Arthur, Prince of Wales. But when Arthur died a few months after their wedding, Katherine's bright future was suddenly eclipsed. It took his younger brother Henry VIII eight long years to do the honorable thing and marry her. Their union was briefly happy until Katherine failed to bear a son, and Anne Boleyn caught Henry's eye.."--

The Kings and Queens of Britain

Cath Senker 2021-08-15 Who was

the first king of England? Did

Henry I assassinate his brother?

How did 'Bloody Mary' reinstate

Roman Catholicism? For more than 1,000 years the British monarchy has dramatically shaped national and international history. Kings and queens have conquered territory, imposed religious change and extracted taxation, each with their own motivations and ambitions. In this fascinating book, Cath Senker delves into the extraordinary history of the British monarchy and its host of kings, queens and pretenders. There have been benevolent rulers, violent ones, religious fanatics, brilliant economists, masters of diplomacy and the power hungry. But whether they have abused their power or used it for good, each monarch has played a part in the rich tapestry of British history, coping with both international and civil wars, rebellions and criticism. The Kings & Queens of Britain introduces a thousand-year history, providing rich biographical detail of Britain's remarkable monarchs.

The Glass Palace Ghosh 2008 The Glass Palace Begins With The Shattering Of The Kingdom Of Burma, And Tells The Story Of A People, A Fortune, And A Family And Its Fate. Click Here To Visit The Amitav Ghosh Website
On Royalty Jeremy Paxman 2008-07-31 The notable characteristic of the royal families

of Europe is that they have so very little of anything remotely resembling true power. Increasingly, they tend towards the condition of pipsqueak principalities like Liechtenstein and Monaco—fancy-dress fodder for magazines that survive by telling us things we did not need to know about people we have hardly heard of. How then have kings and queens come to exercise the mesmeric hold they have upon our imaginations? In *On Royalty* renowned BBC journalist Jeremy Paxman examines the role of the British monarchy in an age when divine right no longer prevails and governing powers fall to the

country's elected leaders. With intelligence and humor, he scrutinizes every aspect of the monarchy and how it has related to politics, religion, the military and the law. He takes us inside Buckingham Palace and illuminates the lives of the monarchs, at once mundane, absurd and magical. What Desmond Morris did for apes, Paxman has done for these primus inter primates: the royal families. Gilded history, weird anthropology and surreal reportage of the royals up close combine in *On Royalty*, a brilliant investigation into how an ancient institution struggles for meaning in a modern country.
