Trauma Michael Palmer 2015-05-12

Quitting her residency after a tragic mistake, Dr. Carrie Bryant returns home to care for her combat veteran brother and pursues a experimental therapy for PTSD before teaming up with an investigative reporter to find a missing patient.

[Silent Treatment](#) Michael Palmer

2011-01-05 In his five bestselling novels, from *The Sisterhood* to *Natural Causes*, physician Michael Palmer has drawn on years of firsthand emergency-room experience to create the drama of a frighteningly authentic world--a world where the line between medicine and murder is scalpel-thin. Now, in his most harrowing suspense novel yet, Palmer reveals how the power to heal can become a license to kill.... With his wife, Evie, scheduled for surgery the next day, Dr. Harry Corbett goes to the hospital for what he hopes will be a quiet evening of reconciliation. In recent weeks Evie, never quick to share her feelings, has been more closed and distant than ever. But when Harry reaches Evie's room, it is too late for reconciliation. Shockingly, without warning, Evie is dead. The police suspect homicide. And their only suspect is Dr. Harry Corbett. Harry is not prepared for the stunning revelations that follow: His bright, beautiful, highly ambitious wife was leading a double life; she may have had dangerous secrets. But what secret could have been explosive enough to die for? Then the killer

strikes again, boldly, tauntingly murdering one of Harry's favorite patients in such a way that only Harry knows the death was not natural. This time Harry is certain: The killer, medically sophisticated, coolly arrogant, moving undetected through a busy urban hospital, could only be a doctor. And he wonders--how many more will die? Desperately Harry probes deeper, following the only clue Evie left. What he finds is a sinister pattern that threatens patients in every hospital in the city. Harry is engaged in a life-and-death battle of wits with a chillingly efficient monster. And until the doctor is unmasked, no patient is safe from his lethal silent treatment. Michael Palmer has done it again, delivering a no-holds-barred novel of medical intrigue-- a gripping thriller that features the most terrifying physician since Hannibal Lecter. *Silent Treatment* will keep your pulse racing from beginning to end

Miracle Cure Michael Palmer 2011-01-05

The master of medical suspense takes you to prestigious Boston Heart Institute, where some patients are dying to get well "A highly entertaining tale of greed and medicine run amok."—Chicago Tribune After a troubled past, Dr. Brian Holbrook has been given a second chance to prove himself. At state-of-the-art Boston Heart Institute, he's been chosen to join the medical team testing a new miracle drug. The initial results are so promising that Brian pushes to get his father—who suffers

from a dangerous heart condition—accepted into the study. But Brian is beginning to suspect his superiors are hiding something. Why are crucial records disappearing? Why did a patient making startling progress suddenly die? Is the miracle drug a prescription for death? The answers could cost Brian more than his career. For at Boston Heart Institute, knowing too much is the quickest way to the morgue. Praise for *Miracle Cure* “Packs plenty of heart-stopping action.”—Associated Press “A fast-paced lively thriller.”—Boston Sunday Herald
Extreme Measures Michael Palmer 1992 Young, talented, and ambitious, Dr. Eric Najarian is drawn to an elite clique of medical professionals at White Memorial Hospital, but not to their suddenly discovered, unspeakable crimes and their personal threats. Reissue.

Miracle Cure Harlan Coben 2013-06-04 "Previously published in SPI Books and Signet editions."--Title page verso.

Delirious Daniel Palmer 2012-03-01 Someone is playing mind games with a cyber genius in this “fiendishly inventive psychological thriller” by the author of *Stolen* (Lee Child). Charlie Giles is at the top of his game. An electronics superstar, he’s sold his startup to a giant Boston firm, where he’s now senior director. He’s treated like a VIP everywhere he goes . . . until everything in Charlie’s neatly ordered world starts to go terrifyingly wrong. Charlie’s mother is hospitalized, his prestigious job is in jeopardy, his inventions are wrenched away from him, and one by one, his former colleagues are being murdered. Every shred of evidence points to Charlie as a cold-blooded killer. And soon he is unable to tell whether he’s succumbed to the pressures of work and become the architect of his own destruction, or whether he’s the victim of a relentless, diabolical attack. Now he must save his own life—all the while realizing that nothing can be trusted, least of all his own fractured mind. “Hits all the right notes. Terrific stuff.” —John T. Lescroart “A high-speed thrill ride, filled with shocks and mind-bending

twists.” —Tess Gerritsen “Not just a great thriller debut, but a great thriller, period.” —Lee Child

Moral Problems in Medicine Michael Palmer 2005-09 In His Important New Book, Michael Palmer, Assuming No Prior Philosophical knowledge on the part of the reader, examines the controversial issues of euthanasia, abortion and experimentation on humans and animals, as well as the right to self-determination and the limits of confidentiality.

The Second Opinion Michael Palmer 2009-02-17 Dr. Thea Sperelakis, diagnosed as a teen with Asperger's syndrome, has always been an outsider. She has a brilliant medical mind, and a remarkable recall of details, but her difficulty in dealing with hidden agendas and interpersonal conflicts have led her to leave the complex, money-driven dynamics of the hospital, and to embrace working with the poor, embattled patients of Doctors Without Borders. Her father, Petros, is one of the most celebrated internal medicine specialists in the world, and the founder of the cutting-edge Sperelakis Center for Diagnostic Medicine at Boston's sprawling, powerful Beaumont Clinic. Thea's rewarding life in Africa is turned upside-down when Petros is severely injured by a hit-and-run driver. He is in the Beaumont ICU, in a deep coma. No one thinks he will survive. Thea must return home. Two of Petros' other children, both physicians, battle Thea and her eccentric brother, Dimitri, by demanding that treatment for their father be withheld. As Thea uncovers the facts surrounding the disaster, it seems more and more to be no accident. Petros, himself, is the only witness. Who would want him dead? The answers are trapped in his brain . . . until he looks at Thea and begins slowly to blink a terrifying message. In *The Second Opinion*, Michael Palmer has created a cat-and-mouse game where one woman must confront a conspiracy of doctors to uncover an evil practice that touches every single person who ever has a medical test. With sympathetic characters and twists and betrayals that come from the most unlikely

places, *The Second Opinion* will make you question...everything.

Bell, Book and Candle John Van Druten 1951 *THE STORY*: Gillian Holroyd is one of the few modern people who can actually cast spells and perform feats of supernaturalism. She casts a spell over an unattached publisher, Shepherd Henderson, partly to keep him away from a rival and partly because

Blackmailed by a master assassin to agree to perform life-saving surgery on the killer, famous neurosurgeon Jesse Copeland struggles with the choice between saving a terrorist's life or the lives of those he threatens. Reprint.

Miracle Cure Michael Palmer 1998 The author of *Extreme Measures* throws open the doors of Boston's prestigious Heart Institute, where a troubled Dr. Brian Holbrook senses something fearfully amiss on a project testing a new miracle drug. Reprint.

FATAL/AU/CD. MICHAEL. PALMER

What Money Can't Buy Michael J. Sandel 2012-04-24 Should we pay children to read books or to get good grades? Should we allow corporations to pay for the right to pollute the atmosphere? Is it ethical to pay people to test risky new drugs or to donate their organs? What about hiring mercenaries to fight our wars? Auctioning admission to elite universities? Selling citizenship to immigrants willing to pay? In *What Money Can't Buy*, Michael J. Sandel takes on one of the biggest ethical questions of our time: Is there something wrong with a world in which everything is for sale? If so, how can we prevent market values from reaching into spheres of life where they don't belong? What are the moral limits of markets? In recent decades, market values have crowded out nonmarket norms in almost every aspect of life—medicine, education, government, law, art, sports, even family life and personal relations. Without quite realizing it, Sandel argues, we have drifted from having a market economy to being a market society. Is this where we want to be? In his New

York Times bestseller *Justice*, Sandel showed himself to be a master at illuminating, with clarity and verve, the hard moral questions we confront in our everyday lives. Now, in *What Money Can't Buy*, he provokes an essential discussion that we, in our market-driven age, need to have: What is the proper role of markets in a democratic society—and how can we protect the moral and civic goods that markets don't honor and that money can't buy?

Side Effects Michael Palmer 2011-01-26 "Has everything—a terrifying plot . . . breakneck pace . . . vividly drawn characters."—John Saul Kate Bennet. A bright hospital pathologist with a loving husband and a solid future. Until one day her world turns dark. A strange, puzzling illness has killed two women. Now it endangers Kate's closest friend. Soon it will threaten Kate's marriage. Her sanity. Her life. Kate has uncovered a horrifying secret. Important people will stop at nothing to protect it. It is a terrifying medical discovery. And its roots lie in one of the greatest evils in the history of humankind. *Flashback* Michael Palmer 2011-01-26 Toby is eight years old. He had a routine operation. It was fine. Now he's gone home to terror. Months have passed. But Toby still bursts into tortured screams. Because something is very wrong. Toby can remember every moment of the operation. All the trauma. All the pain. He relives every horrifying detail of surgery while he's awake. Now someone must expose the unspeakable truth about this hospital. Or else an innocent child will die. And he won't be the last. The next victim is being wheeled into surgery right now.

Long After Midnight Iris Johansen 2003-08-26 She wanted to save lives. The killer wanted to end hers. The first warning was triggered hundreds of miles away. The second warning exploded only yards from where she and her son stood. Now Kate Denby realizes the frightening truth: She is somebody's target. Danger has arrived in Kate's backyard with a vengeance. And the gifted scientist is awakening to a nightmare

world where a ruthless killer is stalking her...where her innocent son is considered expendable...and where the medical research to which she has devoted her life is the same research that could get her killed. Her only hope of protecting her family and making that medical breakthrough is to elude her enemy until she can face him on her own ground, on her own terms—and destroy him.

The Three Stigmata of Palmer Eldritch

Philip K. Dick 2011 Palmer Eldritch returns from the edge of the universe with a drug called Chew-D for the colonists of Mars who are under threat of god-like or satanic psychics that threaten to wage war against the human soul.

Natural Causes Michael Palmer 1994

Struggling to save a mother and baby when something goes horribly wrong during the birth, Dr. Sarah Baldwin is unaware that two identical circumstances have already occurred and that she is the only factor they had in common. Reprint. LJ. PW.

It will get your blood racing and your heart pumping... 'Dynamite plot... past-paced and engrossing.' -- Washington Post 'Gripping and fresh... wrenchingly scary' -- Publishers Weekly 'Manages to scare the socks off the reader' -- Toronto Globe and Mail 'Truly well written piece with suspense from start to finish' -- ***** Reader review 'Compelling page turner' -- ***** Reader review 'Couldn't put it down' -- ***** Reader review 'Gripping, suspenseful and hard to put down' -- ***** Reader review

MYSTERIOUS DEATHS AND A HORRIFYING SECRET THEY'LL STOP AT NOTHING TO PROTECT Dr. Kate Bennett is a brilliant young pathologist with a loving husband and a bright future. But her world is about to be turned upside down. At the Omnicenter - a high-tech health facility for

women - a strange and puzzling illness has killed two patients. The illness has no definite cause, let alone a cure. When Kate is called in to investigate the mysterious deaths, she stumbles upon a terrible medical discovery which has its roots in one of the greatest evils in the history of humankind. Now her best friend has fallen ill and is presenting the same symptoms as the previous victims - and Kate must expose the sinister plot before it is too late.

However, with powerful enemies and few friends, Dr. Bennett's disturbing discovery comes to threaten not only her career, but also her marriage, her sanity and her life.

Fatal Michael Palmer 2003 Returning to his Virginia home to investigate the tragic deaths of his wife and father, a young maverick doctor encounters a series of suspicious accidents that reveal a bizarre syndrome that could place countless lives at risk.

The First Family Michael Palmer

2018-04-17 The President's teenaged son is threatened by a potentially fatal illness that is rooted in dark secrets from a long-buried past. President Geoffrey Hilliard and his family live in the ever-present glare of the political limelight, with relentless scrutiny of their daily lives. The White House is not an easy place to grow up, so when the President's son Cam, a sixteen-year-old chess champion, experiences extreme fatigue, moodiness, and an uncharacteristic violent outburst, doctors are quick to dismiss his troubles as teen angst. But Secret Service agent Karen Ray, whose job is to guard the president's family with her life, is convinced Cam's issues are serious - serious enough to summon her physician ex-husband for a second opinion. Dr. Lee Blackwood's concerns are dismissed by the president's team - until Cam gets sicker. Lee must make a diagnosis from a puzzling array of symptoms he's never seen before. His only clue is a patient named Susie Banks, a young musical prodigy who seems to be suffering from the same baffling condition as Cam. Hospitalized after an attempt on her life by a determined killer, Susie's jeopardy escalates as Cam's

condition takes on a terrifying new dimension. Is someone trying to murder the President's son? As Lee and Karen race for a cure to Cam's mysterious and deadly disease, they begin to uncover betrayals that breach the highest levels of national security. Returning to the same Washington, DC setting of *The First Patient*, which former President Bill Clinton said "captured the intense atmosphere of the White House," *The First Family* is a riveting new medical drama from acclaimed novelist Daniel Palmer, in the tradition of his late father, New York Times bestselling novelist Michael Palmer. Praise for *The First Family*: "Terrifying and all too plausible—Daniel Palmer continues his father's tradition of delivering authentic and high-velocity medical suspense. The combination of medical chills and high-level Washington make *The First Family* irresistible." —Joseph Finder, New York Times bestselling author of *Paranoia* and *The Switch* "Palmer's *The First Family* gives you likable characters to root for, a top-notch villain, and enough excitement to make your hair curl. Have fun with this thriller." —Catherine Coulter, author of *The Devil's Triangle* "Double the trouble, twice the action, and quadruple the enjoyment, this is a high-octane game changer." —Steve Berry, New York Times bestselling author of *The Bishop's Pawn* and *The Lost Order* "High-stakes and intelligent, *The First Family* is everything you want in a medical thriller. Chilling!" —Robert Dugoni #1 Amazon, Wall Street Journal and New York Times bestselling author of *My Sisters Grave* "The *First Family* is adrenaline-fueled entertainment that twists, turns, surprises and satisfies!" —John Lescroart, New York Times bestselling author "A Palmer novel transports you into the complex world of medical-legal-social ethics. *The First Family* doesn't disappoint, wrestling with the murky questions of what we can do versus what we should do. Gripping." —Kathy Reichs, New York Times bestselling author and creator of *Bones* *A Perfect Crime* Peter Abrahams 1999-02-11 "A perfect page-turner . . .

Books this well written and involving don't come along often. . . . Peter Abrahams is my favorite American suspense novelist." —Stephen King *An unfaithful wife*. A cheating lover. A loyal friend. A jealous husband. In this stunning thriller, four lives hang in precarious balance—as a cunning killer prepares their roles in *A Perfect Crime*. Distraught by a failing marriage, Francie Cullingwood enters into a secret affair with charismatic radio psychologist Ned Demarco. But what seems like a refuge takes a decidedly dark turn. For when the liaison is discovered, a seething, enraged genius begins to construct the perfect, flawless murder, manipulating Francie, her lover, and her best friend like chess pieces in a lethal game. But even the most brilliant mind can make mistakes. And soon the intricate plan is spinning wildly out of control—in shocking, fatal directions. . . . Praise for *A Perfect Crime* "Abrahams gets the human dimensions just right. . . . Each stage of this perverse puzzle has been constructed with deadly artistry." —The New York Times Book Review "A first-rate psychological thriller . . . a plot filled with Machiavellian maneuvers and subtle irony . . . Drawing the reader unrelentingly through the chain of events, this novel is a must-read." —The Denver Post "Abrahams has written more than a crime story here. His prose is elegant by any literary standard. . . . Abrahams grips us so closely, line by line, making everything hyper-real." —Los Angeles Times "A *Perfect Crime* is a perfect read—a novel of malice and retribution that crackles from page one like a live wire." —New York Times bestselling author Michael Palmer *Critical Judgment* Michael Palmer 1998 As Dr. Abby Dolan searches for the cause of a mysterious malady driving her emergency room patients into a murderous rage, her superiors put her own life in peril. By the author of *The Silent Treatment*. Reprint. PW. **A Heartbeat Away** Michael Palmer 2011-08-02 Preparing to give a State of the Union address when a terrorist group releases a deadly virus into the Capitol

building, President James Allaire is forced to enlist the services of a virologist who has been wrongly imprisoned for suspected terrorist intentions.

The Society Michael Palmer 2004-08-17
With every one of his ten novels a New York Times bestseller, emergency medicine physician Michael Palmer is recognized by critics and fans worldwide as a master of medical suspense. Now Palmer delivers a relentless thriller that slices to our deepest fears with surgical precision—a tale as timely as it is terrifying, as harrowing as it is plausible. Welcome to The Society. At the headquarters of Boston's Eastern Quality Health, the wealthy and powerful CEO is brutally murdered. She's not the first to die—nor the last. A vicious serial killer is on the loose and the victims have one thing in common: they are all high-profile executives in the managed care industry. Dr. Will Grant is an overworked and highly dedicated surgeon. He has experienced firsthand the outrages of a system that cares more about the bottom line than about the life-and-death issues of patients. As a member of the Hippocrates Society, Will seeks to reclaim the profession of medicine from the hundreds of companies profiting wildly by controlling the decisions that affect the delivery of care. But the doctor's determination has attracted a dangerous zealot who will stop at nothing to make Will his ally. Soon Will is both a suspect and a victim, a pawn in a deadly endgame. Then, in one horrible moment, Will's professional and personal worlds are destroyed and his very life placed in peril. Rookie detective Patty Moriarity is in danger of being removed from her first big case—the managed care killings. To save her career, she has no choice but to risk trusting Will, knowing he may well be the killer she is hunting. Together they have little to go on except the knowledge that the assassin is vengeful, cunning, ruthless—and may not be working alone. That—and a cryptic message that grows longer with each murder: a message Grant and Moriarity must decipher if they don't want to be the next victims.

Moral Problems Michael Palmer 1995-01-01
Moral Problems takes particular account of the needs of both teacher and student. It is not a compendium of ethical theories but a course book, providing the instructor, student, and general reader with a step-by-step introduction to the major ethical theories. For each topic Palmer has provided a lengthy introduction and critique, comprehension exercises, essay questions, and an extensive bibliography. He relates each ethical theory to a contemporary issue, with an introductory discussion followed by excerpts from the original sources.

Mr. Murder Dean Ray Koontz 2006
Mystery writer Marty Stillwater finds his life and family threatened by a psychotic killer professing to be the real Marty Stillwater, who embarks on a campaign to eliminate Marty and claim his family. Reissue.

The First Patient Michael Palmer 2008-02-19
Reunited with his former Annapolis roommate, Andrew Stoddard—now president of the United States—when he is asked to become his personal physician, Gabe Singleton discovers that Andrew is going insane and that the condition may not be the result of nature.

Silent Treatment Michael Palmer 1996-08-01
In his five bestselling novels, from *The Sisterhood* to *Natural Causes*, physician Michael Palmer has drawn on years of firsthand emergency-room experience to create the drama of a frighteningly authentic world—a world where the line between medicine and murder is scalpel-thin. Now, in his most harrowing suspense novel yet, Palmer reveals how the power to heal can become a license to kill.... With his wife, Evie, scheduled for surgery the next day, Dr. Harry Corbett goes to the hospital for what he hopes will be a quiet evening of reconciliation. In recent weeks Evie, never quick to share her feelings, has been more closed and distant than ever. But when Harry reaches Evie's room, it is too late for reconciliation. Shockingly, without warning, Evie is dead. The police suspect homicide.

And their only suspect is Dr. Harry Corbett. Harry is not prepared for the stunning revelations that follow: His bright, beautiful, highly ambitious wife was leading a double life; she may have had dangerous secrets. But what secret could have been explosive enough to die for? Then the killer strikes again, boldly, tauntingly murdering one of Harry's favorite patients in such a way that only Harry knows the death was not natural. This time Harry is certain: The killer, medically sophisticated, coolly arrogant, moving undetected through a busy urban hospital, could only be a doctor. And he wonders--how many more will die? Desperately Harry probes deeper, following the only clue Evie left. What he finds is a sinister pattern that threatens patients in every hospital in the city. Harry is engaged in a life-and-death battle of wits with a chillingly efficient monster. And until the doctor is unmasked, no patient is safe from his lethal silent treatment. Michael Palmer has done it again, delivering a no-holds-barred novel of medical intrigue-- a gripping thriller that features the most terrifying physician since Hannibal Lecter. *Silent Treatment* will keep your pulse racing from beginning to end

Guide to UNIX Using Linux Michael Palmer 2007-08-16 Written with a clear, straightforward writing style and packed with step-by-step projects for direct, hands-on learning, *Guide to UNIX Using Linux, 4E* is the perfect resource for learning UNIX and Linux from the ground up. Through the use of practical examples, end-of-chapter reviews, and interactive exercises, novice users are transformed into confident UNIX/Linux users who can employ utilities, master files, manage and query data, create scripts, access a network or the Internet, and navigate popular user interfaces and software. The updated 4th edition incorporates coverage of the latest versions of UNIX and Linux, including new versions of Red Hat, Fedora, SUSE, and Ubuntu Linux. A new chapter has also been added to cover basic networking utilities, and several other chapters have been expanded to include additional information on the

KDE and GNOME desktops, as well as coverage of the popular OpenOffice.org office suite. With a strong focus on universal UNIX and Linux commands that are transferable to all versions of Linux, this book is a must-have for anyone seeking to develop their knowledge of these systems. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Flashback Michael Palmer 1995 When a little boy suffering from bizarre and mysterious symptoms is brought to neurosurgeon Zack Iverson, the doctor finds himself caught in a nightmarish web of medical experimentation, unspeakable side effects, and terror as he tries to uncover the hospital's monstrous secrets

Thrillers: 100 Must-Reads David Morrell 2010-07-05 The most riveting reads in history meet today's biggest thriller writers in *Thrillers: 100 Must-Reads*. Edited by David Morrell and Hank Wagner, *Thrillers: 100 Must-Reads* examines 100 seminal works of suspense through essays contributed by such esteemed modern thriller writers as: David Baldacci, Steve Berry, Sandra Brown, Lee Child, Jeffery Deaver, Tess Gerritsen, Heather Graham, John Lescroart, Gayle Lynds, Katherine Neville, Michael Palmer, James Rollins, R. L. Stine, and many more. *Thrillers: 100 Must-Reads* features 100 works - from *Beowulf* to *The Bourne Identity*, *Dracula* to *Deliverance*, *Heart of Darkness* to *The Hunt for Red October* - deemed must-reads by the International Thriller Writers organization. Much more than an anthology, *Thrillers: 100 Must-Reads* goes deep inside the most notable thrillers published over the centuries. Through lively, spirited, and thoughtful essays that examine each work's significance, impact, and influence, *Thrillers: 100 Must-Reads* provides both historical and personal perspective on those spellbinding works that have kept readers on the edge of their seats for centuries.

Natural Causes Michael Palmer 2011-01-05 "Reinvents the medical thriller."—Library Journal Dr. Sarah

Baldwin races to a Boston hospital with a young woman whose normal labor has suddenly become a matter of life and death. As she struggles to save both mother and baby, she doesn't know that two other women have already died under horrifying identical circumstances. And so begins Sarah's own nightmare, as she learns that the prenatal herbal vitamins she prescribed are the only thing these women have in common. Soon Sarah is fighting to save her career, her reputation—her life. For she's certain there must be some unknown factor linking these women, and as she gets closer to the truth, it becomes clear that someone will do anything—even murder—to keep a devastating secret.

The Sisterhood Michael Palmer 2011-01-12

"A suspenseful page-turner . . . jolts and entertains the reader."—Mary Higgins Clark
Inside Boston Doctors Hospital, patients are dying. In the glare of the operating room, they survive the surgeon's knife. But in the dark, hollow silence of the night, they die. Suddenly, inexplicable, horribly. A tough, bright doctor will risk his career—his very life—to unmask the terrifying mystery. A beautiful and dedicated young nurse unknowingly holds the answer. Together they will discover that no one is safe from . . . the sisterhood
"Terrific . . . a compelling suspense tale."—Clive Cussler

Political Suicide Michael Palmer 2012-12-11
A massive cover-up gone awry
A prominent physician accused of murder
Uncovering the truth could put the entire country at risk
Dr. Gary McHugh, known around Washington, D.C. as the "society doc," calls his longtime friend Dr. Lou
Welcome in a state of panic, certain he is about to be arrested for murder. McHugh was found in an alcoholic blackout in his wrecked car after visiting a patient of his, the powerful Chairman of the House Armed Services Committee, Elias Colston. Soon after McHugh leaves, Colston's wife returns home to find her husband shot to death in their garage. McHugh has no recollection of committing the crime and no one who would possibly believe in his innocence,

other than Lou. As more facts come to light, even Lou has serious doubts. But something about McHugh's story nags at him and as he looks into matters, pieces of the puzzle don't point to his friend's guilt so definitively. With the help of Sarah Cooper, an ambitious attorney with her own reasons for hating doctors, Lou finds himself at the center of a deadly, high-level conspiracy where the difference between right and wrong is a matter of interpretation, and the words "whatever it takes" have a chilling meaning. If Lou and Sarah don't uncover the real reasons Colston is dead, they may not survive themselves, and the entire country could be at risk for attacks that could destroy the very fabric of national security. Once again, bestselling author Michael Palmer proves that he is the king of suspense in this page-turning thriller, *Political Suicide*, set at the crossroads of politics, the military, and medical science.

The Patient Michael Palmer 2011-01-12
His name is ARTIE, a miracle of bio-engineering that is about to transform the field of neurosurgery. Dr. Jessie Copeland knows him better than anyone else at Eastern Mass Medical Center- and knows it's too soon to be using the tiny robot on a living patient's brain. But, Jessie's department chief is too busy to worry about such ethics. And neither of them has any idea that ARTIE will attract a patient from their worst nightmares. Claude Malloche is a master assassin, more rumor than man, for whom murder is an art. No one can identify his face. Now Malloche has a deadly brain tumor, and he intends to have the best neurosurgeon in the world operate on it. To ensure Jessie's cooperation, Malloche has devised a plan of intimidation that puts at risk her life and the lives of hundreds of innocent people. Neurosurgery requires nerves of steel, but in coming up with a scheme to fulfill her oath as a doctor while thwarting a diabolical killer, Jessie will be performing the most complex surgery of her career- on a knife-edge of terror.

The Fifth Vial Michael Palmer 2007-02-20
From the blockbuster, eleven-time New York Times bestselling author comes a

novel of medical suspense that begins with these chilling questions: Who ends up with the blood samples you routinely give for tests? What else are they being used for? Why don't you know? Take a Deep Breath. . . . In Boston, a disgraced medical student is sent to deliver a research paper that could save her career. . . . Four thousand miles away, in a jungle hospital in Cameroon, a brilliant, reclusive scientist, dying from an incurable disease that threatens to make each tortured breath his last, is on the verge of perfecting a serum that could save millions of lives, and bring others inestimable wealth. . . . In Chicago, a disillusioned private detective, on the way to his third career, is hired to determine the identify of a John Doe, killed on a Florida highway, with mysterious marks on his body. Three seemingly disconnected lives, surging unrelentingly toward one another. Three lives becoming irrevocably intertwined. Three lives in mounting peril, moving ever closer to the ultimate confrontation against a deadly secret society with godlike aspirations and roots in antiquity. Medical student. Scientist. Private eye. Three people who will learn the

deeper meanings of brilliance and madness, truth and deception, trust and betrayal. Three lives linked forever by a single vial of blood—the fifth vial.

Resistant Michael Palmer 2014-05-20

Delivering a speech for his boss at a national conference in Atlanta, Dr. Lou Welcome takes an exclusive tour of the Centers for Disease Control and learns about the development of biological weapons before becoming enmeshed in a case involving the abduction of a leading scientist. 125,000 first printing.

Extreme Measures Michael Palmer

2011-01-26 Dr. Eric Najarian. He's young, talented, and ambitious. He has all the qualities they're looking for at White Memorial Hospital. He doesn't know he's being watched. Judged. An elite clique of medical professionals thinks he has what it takes to join their secret club. All the young doctor has to do is agree to play by their rules. But Eric has already seen too much. A missing corpse. An unspeakable mutilation. A brutal abduction. It's only the beginning of a plot of terrifying evil. A sinister plan the group will stop at nothing to hide. And if Eric refuses to become their colleague--he will be their next victim.
